- Switch on positive states whenever you want to
- Understand yourself and others more
- Replace old habits, which are not useful, with new positive strategies
- Turn dreams and ambitions into goals to achieve
- Know how to respond positively to setbacks

Who should come on a NLP course?

Anyone in sales, customer service, Human Resources, training and coaching, recruitment, therapy, students, teachers, managers, directors and business owners. This course can benefit anyone who wants to be motivated, to develop, to get rid of emotional baggage, have total belief in themselves and push their business forward. Whatever result you set out to achieve will be what you get!

What is a NLP Practitioner Course?

NLP techniques have been developed over many years. The NLP Practitioner Course is designed to enhance your understanding and application of NLP techniques in a structured and user-friendly format.

A NLP Practitioner course is a personal development programme like no other. You will learn and grow throughout this informative, practical and fun seven day course. The course also covers elements of NLP in business, which will provide management development in the workplace.

You will also achieve certification approved by the International Trainers Academy (ITA) and be a qualified NLP Practitioner.

Prior to the course, delegates will receive a pre-study information manual. This allows delegates to prepare for the course and to make sure they have the best experience possible.

Before, during and after the course you will have access to Trainer(s) who will be able to answer any questions.

How does it work?

By the end of the course you will be able to:

- Understand NLP, its benefits and how to use it
- Understand more about people and how to positively influence them
- Communicate effectively with yourself and others to improve relationships
- Set goals and align them to your future
- Build rapport with an NLP focus
- Overcome habits and behaviours that don't work for you
- Understand the power of language and how to use this to gain positive results
- Learn how to flex your communication style to suit the situation

- Apply NLP presentation techniques to fully engage your audience
- Be able to increase your positive state of mind when you want to
- Turn procrastination into motivation
- Reframe (learn how to handle objections)
- Resolve any limiting decisions and to be able to help others to do the same
- Use the coaching tools from the course with individuals at work or at home
- Overcome any phobias
- Sell your products or services with confidence
- Negotiate with and influence others
- Devise the perfect meeting format
- Learn, grow and develop as an individual and have a great time!

So what would happen if you came on the course?

We want you to have the most amazing time possible and to have an experience to remember! Most people come away from the course feeling excited and motivated which leads to great results.

This training meets the standards of the International Trainers Academy (ITA) founded and run by the NLP co-creator Dr John Grinder. They are one of the largest governing bodies for NLP in the world. As the course is intensive you can notice and feel the change throughout the week or two weeks and it will be an experience like no other.
